Hella KGaA Hueck & Co. develops and manufactures lighting and electronic components and systems for the automotive industry, and also has one of the largest trade organizations for automotive parts, accessories, diagnosis and services within Europe. Pureco built the wastewater treatment plant at its Slovakian plant in Kočovce. As general supplier Pureco prepared the whole project from earthwork through the technology (SBR in concrete monolith). The efficiency of establishment is excellent, all parameters are below the limits.
